Thank you to the landowners for allowing us to use their land, to the valiant observers who battled the wet conditions so well especially those who did more than one section, I hope you have dried out ! Thank you. To the starters and helpers who made today possible thank you.

The only area of concern is to those riders who rode across the moors out side the designated course. The course was clearly marked and we were under strict instructions to take into account the welfare of the grouse chicks. Those riders who disregarded the these instructions put not only their ride at risk to being disqualified, but also put at risk the future of the trial.
